welcome

Relationship-Based Tech-Enabled Human Transformation

Mindfuli is the simplest way to get connected with a mental wellness team you're going to love working with.

Our platform was designed from the ground up around a single vision - helping everyone develop a powerful alliance with their mental health team.

This unifying purpose aligns professionals and clients around the strongest predictor of positive mental health outcomes.

Together we can harness the world's most advanced science without sacrificing the soul of our practice

Continuing Care Process

1. Identify Client & Determine Fit
2. Explain Mindfuli Benefits
3. Direct Client to Mindfuli.com (on phone)
4. Walk Them Through Signup & Select Plan
5. Have them Pair w. Counselor & Schedule 1st Session
6. Notify Mindfuli Team of Incoming Client
(customersupport@mindfuli.com)
7. Complete Digital Face Sheet (Online Survey Form)
8. Patient Receives Email re: First Session

overview

The purpose of the Continuing Care pathway of Mindfuli:

- prevent further substance abuse by fostering behavioral changes and maintenance
- support a new lifestyle
- assist clients in developing a positive support network
- improve client's coping strategies and willpower in vulnerable situations
- replace former addiction with new, rewarding habits

Although the program is recommended for at least 40 weeks, there is no specific endpoint for participation in this portion of Mindfuli. Clients are welcome to remain connected and utilize resources for as long as they like.

identifying clients

- Clients receiving inpatient treatment will also receive virtual treatment on Mindfuli platform.
- Clients are assigned a Care Counselor on the platform virtually and meet with them 1x/week.
- Clients will also participate in exercises from care counselor during inpatient treatment.
- As clients transition to continuing care, virtual meetings will be consistent.
- Concurrent Care will allow for familiarity before completely transitioning to Continuing Care.
